Charlie Daher is an award-winning auctioneer with over 14 years experience, so you know your auction is in safe hands when you work with him.

Charlie loves interacting with an audience and real estate is an enduring passion for him. He initially honed his professional auctioneering skills as part of the Ray White real estate team, where he was recognised multiple times for achieving excellent sales records.

His energetic auctioneering style was recognised when he won the REI novice auctioneer competition for the Nepean region and competed in NSW auctioneer finals.

Charlie now focuses solely on creating a dynamic auction experience for Auction Services clients. He approaches every auction calmly and strategically, generating a fun, vibrant and up beat mood designed to excite buyers and get the very best results.

As the auctioneer for the Official NRL Grand Final Breakfast for two years running, Charlie lends his professional skills to raising money for the Luke Priddis Foundation, which supports children with autism spectrum disorders.
